Boilermakers' National Pension Fund (Canada) Plan Registration Number 0366708 and Boilermakers' National Health and Welfare Fund (Canada)

January 2017

Dear Plan Members,

The Federal Government is considering taxing employer contributions to health and dental plans. Over 24 million Canadians would be negatively impacted if taxes had to be paid on these contributions.

Bad social policy

Making employer contributions for health and dental benefits taxable will mean a significant change to taxable income and appreciation for tax effective benefits. When the Province of Quebec introduced this taxation there was a 20% reduction in health and dental benefits. Many families lost important coverage and had to pay for medical costs out of their own pockets.

Voice your Concern! Send your letter. Be heard.

Join thousands of other Canadians and send an email to your MP to voice your concern. Use the form on the website below to send your letter. It's simple, takes 5 minutes and will help to preserve the health of Canadians.
